SIAMGAS
GROUP

OUR LEADERSHIP

Guiding Today, Powering a Sustainable Tomorrow

CHAIRMAN OF THE BOARD

“ Our journey began with a simple belief that energy can create a better life for people.

For over 50 years, we have built Siamgas with integrity, discipline and a long-term commitment to our customers, partners, employees and society.

We will continue to uphold these values and guide the Company toward a sustainable future. ”

Dr. Worawit Weeraborwornpong
Chairman of the Board

MANAGING DIRECTOR

“ Building on the strong foundation of our founder, we are expanding opportunities beyond Thailand, strengthening our regional presence, and diversifying into new energy businesses.

We are committed to driving operational excellence, innovation and sustainable growth, creating lasting value for our stakeholders and contributing to a cleaner, brighter tomorrow. ”

Mr. Supachai Weeraborwornpong
Managing Director

Building a Global Energy Infrastructure Network

Evolving from a Domestic LPG Distributor into an International Energy Infrastructure Network

50+ Years Industry Experience

7 Countries of Operations

Integrated LPG Value Chain

Strategic Energy Infrastructure Assets

1976

Foundation
of Domestic LPG Business

Established the domestic LPG distribution business and built the foundation for scalable nationwide operations.

- Developed nationwide LPG distribution network
- Strengthened domestic LPG supply chain capabilities

สยามแก๊ส

2004-2008

Accelerated
Domestic Expansion

2004 – Strategic Acquisition of Unique Gas

- Acquired **Unique Gas**, one of Thailand's largest LPG distributors, elevating the Group to become the **second-largest LPG distributor in Thailand** and significantly strengthening its domestic LPG market position.

2005 – Strengthening Domestic Logistics Infrastructure

- Expanded land and marine transportation capabilities to support LPG distribution growth nationwide.

2008 – Listed on SET

- Strengthened capital base to support regional expansion

2010-2013

International LPG
Expansion

Strategic Overseas Expansion through Acquisitions

- Acquired LPG business in **Vietnam, Singapore, China and Malaysia**
- Expanded regional footprint across high-growth ASEAN markets
- Established **centralize LPG trading operations** to manage sourcing and regional supply

2016-2018

Energy
Diversification

Strategic Entry into Power Generation

- Invested in a 230 MW Combined-Cycle Power Plant in Myanmar
- Invested in 10 MW Diesel Power Plant in Myanmar
- Marked the Group's expansion beyond LPG into energy infrastructure assets

2019-2022

Infrastructure
Led Expansion

2019 – Energy Storage & Port Infrastructure Investment

- Secured strategic storage infrastructure
- Strengthened supply security and terminal capacity

2020 – LPG Cylinder Manufacturing Investment
LINH GAS Cylinder

- Expanded supply chain integration through **LPG cylinder manufacturing**

2022 – Laos LPG Market Entry
PRASANSACK Filling Plant

- Acquired LPG distribution business in Laos expanding the Group's regional presence.

2024

Scaling Capacity
for Long-Term Growth

2024 – Strategic LPG Import Terminal Commissioned

- Commenced operations of a **42,000-ton LPG storage terminal**, capable of receiving large LPG carriers, significantly enhancing import capacity and supply security.

OUR PRODUCT

Clean Energy for Everyday Life and a Sustainable Tomorrow

*Clean Energy
for
Better Living*

*Reliable Energy
for a Brighter Tomorrow*

THE COMPANY'S MAJOR TARGET GROUPS ARE

COOKING GAS

Cooking gas consumers such as individual households, restaurants, hotels and department store. The product is distributed through the Company's LPG filling stations and gas shops.

Liquefied Petroleum Gas Products

- Cooking gas (4 Kilogram cylinder)
- Cooking gas (15 Kilogram cylinder)
- Cooking gas (48 Kilogram cylinder)

AUTOMOTIVE GAS

Autogas consumers whose vehicles are fuelled by LPG. Such vehicles include taxis, personal cars and trucks.

INDUSTRIAL GAS

Industrial gas consumers which are factories that rely on LPG such as steel manufacturers and ceramic manufacturers.

WHOLESALE

Wholesale customer which are major traders in several countries in Asia.

INTEGRATED LPG VALUE CHAIN

End-to-end Infrastructure Enabling Efficient LPG Supply Across Thailand

Global Sourcing

LPG supply from Domestic and global markets

Import & Domestic Logistics

Marine & Truck transportation to SGP terminals

Storage Infrastructure

Strategic storage terminals across Thailand

Distribution Network

Nationwide LPG distribution network

End-Use Markets

Household, Automotive, and Industrial sectors

THAILAND LPG MARKET
